## CITY

The design of the **CITY** series was inspired by the independent town architecture in the times of Renaissance when beauty was synonymous with functionality. This is the true origin of the **platform**, which allows placing the employees at the desk in an orderly fashion, ensures full **ergonomics**, and creates space for a **comfortable** workplace.

BLF01 bench 1600/1640/740 **ZTO3** fabric panel 1600/47/560 **ZSO2** storage 2000/434/1129

**Open workspaces** do not have to be boring. Vibrant colours and diverse forms of panels break up the static nature of the system and promote **creative inventiveness**. The open space allows for the rapid exchange of information and the **free movement** of knowledge. Wide convenient extensions can serve as additional workspaces or areas for office equipment.

The character of CITY is changing to suit the working environment. The panels can also be ordered in a single colour and the top of the desk can have a Canadian Oak finish. This colour spectrum ensures that the system **always fits** into a traditional office interior.

**Platform CITY** can also be arranged in **an individual workspace** for the manager that includes a media port and a convenient extension under which a pedestal can be put.

| BLF16 desk  | 1600/800/740 |  |
|---|--------------|--|
| + <b>M01</b> mediaport                                | 4x230V; RJ45 |  |
| <b>A5404H</b> x 2 storage with HPL front              | 800/432/1833 |  |
| + <b>AS300</b> x 2 glass door 30H with aluminum frame |              |  |

The delicate frame with the diagonally down set feet is worth paying attention to. Cables descend down the vertical cable ducts, **making it easier** to keep the equipment in order. The system offers an easy way to connect additional modules almost endlessly.

The **media port is hidden** under the top access panel, which has the form of a specially – milled elongated opening flap. After placing the plug in the socket, the flap closes easily so that the cables are connected to the electronic devices at the desk and lie in the net below the media port.

MO2 accessoires ZT18 fabric panel 3x230V; 2x45RJ 1800/47/560 The **ergonomic workspace is better** organized when using the accessories. The partition panels can serve as areas for storing additional information like notes inserted in the upholstery on the pins. Hangers can be mounted on the panels to help organize the documents. The CPU holder can be fastened under the desk of the workspace.
